Hof van Saksen

Spa & Wellness

Care & love for yourself

At Hof van Saksen, you come to truly get away from it all for a few days. In a beautiful setting with plenty to do, you reconnect with your partner, family or friends. In other words: we-time...

But what we consider just as important is me-time: time that is entirely yours to spend exactly the way you like. In the hustle and bustle of everyday life, this is often the first thing to be neglected. A few hours in our Spa & Wellness may well be the most wonderful me-time you could wish for. In this beautiful, calming space, you can choose from a range of facial and body treatments, massages, pedicures and manicures.

We offer tailored treatments for all guests, including our younger guests. You can also enjoy a delicious lunch in between treatments or afterwards. In what we call our sauna landscape, you will find two Finnish saunas, an infrared sauna and a steam bath.
The plunge pool and luxurious whirlpool are waiting for you there as well. Or head straight to our sauna garden or relaxation room, where you don't have to do anything at all. Other than daydream a little, read, unwind and recharge.

In short: treat yourself to some me-time at Hof van Saksen, with attention, love and care for yourself. Afterwards, you'll be completely recharged and ready to take on the world again.

Leave the hustle and bustle of the day behind and fully unwind in an atmospheric setting where relaxation takes centre stage.

Himalayan salt sauna 90°C

Step into our traditional Finnish sauna and experience the power of pure warmth. At a temperature of around 90 degrees, this sauna stimulates circulation, relaxes the muscles and helps the body eliminate waste products.

The addition of mineral-rich salt supports the cleansing effect and cares for the skin, while carefully selected aromas create an extra sense of peace and wellbeing. The warm scent of wood combined with subtle fragrances creates a deeply relaxing experience for body and mind.

Finnish sauna 60°C

Steam herbal infusion 45°C

Foot bath

Before entering the sauna, it is lovely to gently warm your feet in the foot bath. The warm water opens the pores and stimulates circulation, allowing your body to perspire more easily during your sauna session. At the end of your sauna round, you can use the foot bath again to bring your body back to a comfortable temperature and cool down in a relaxed way.

Plunge pools

The plunge pool offers a pleasant way to cool your body down after the sauna. Because the water is not extremely cold, you can immerse yourself in it comfortably without a shock response. A short dip stimulates circulation, refreshes the mind and completes your sauna experience, while your body remains comfortably at temperature. To cool down properly, we also offer cold showers both indoors and outdoors.

Luxury whirlpool

Once you have cooled down after your sauna visit, you can continue to relax in the bubbles. The water jets and air bubbles create a wonderfully soothing effect. The luxury whirlpool can be found outside in our sauna garden with loungers.

Swimwear days*

Every Wednesday and Saturday are swimwear days in our Spa & Wellness. On these days, access to the sauna landscape is only permitted in swimwear. Wearing swimming trunks, a swimsuit or bikini is mandatory throughout the day. On all other days, the sauna landscape is swimwear-free. Slippers are always compulsory.

***During the Dutch school holidays, we offer an extra weekday swimwear day. In the morning until 1.00 pm, there is a special moment for families with children aged 8 and over. Check availability and book directly via our app.*
